

Many Christian ministers will vote to keep abortion safe and legal.

When we look to the Bible for guidance we find:
The Bible does not speak of abortion.
The Bible does not tell us when life begins.
The Bible teaches us to be just and compassionate.

A ban on all abortions is neither just nor compassionate.

We are people of faith and we will be voting NO on Referred Law #6, The Abortion Ban, on November 7.

Founded in 2005, Pastors for Moral Choices is an organization of religious leaders serving in many different denominations in South Dakota. As Christian clergy, we are committed to God's call to relate to all people with compassion and love.
